

LK & GF Logic Controllers

For 3 phase and single phase operators

The LK & GF logic controllers are suitable for use with 3 phase and single phase operators.

They have facilities for loop detectors, PE beams, radio transmitters, timers and counters.

Controllers can also be manufactured to customers specifications.

LK for EB, KB, EV1 Operators (Part # 89122)

GF for all other Operators (Part # 89123)

LK & GF Logic Controllers features include:

- 24v DC Auxiliary supply protected by a self-resetting fuse.
- Facilities for radio receivers, loop detectors, safety edge and PE beams
- Fully adjustable auto close from 2 seconds to 4 minutes.
- Key switch isolates push buttons.
- Diagnostic LED's to assist fault finding.
- Stop and reverse safety feature.
- Impulse open/close or dead man open/close.
- Integral test buttons.

LK & GF Logic Controller Options

ST 1 Button Transmitter
Part #100

LD100 Loop Detector
Part #302

PC50 Reflective PE beam
Part #8901

Pneumatic Safety Edge
3m Part # 89454
4m Part # 89455
5m Part # 89456
6m Part # 89457

15 PE Beams
Part #200

Rotech supply all forms of door and gate automation

Vehicle Access Control

- Booms Gates
- Sliding Gates
- Swing Gates
- Industrial Door Openers
- Solar Powered Gate Openers

Pedestrian Access Control

- Full Height Turnstiles
- Waist Height Turnstiles
- Supermarket Gates/Turnstiles
- Wheelchair Access Gates
- Rapid Access Gates

Fast | Safe | Secure
