

# Bulwark RS Reader Stands

Adjustable height and multiple mounting options

## Single Height Card Reader Post

Single height with flat plate

Single height with square mounting box

To adjust the height remove the post cap, cut the post to desired height and replace the cap.

## Dual Height Card Reader Post

Dual height with square mounting boxes

Mounting boxes can be positioned up and down the post to accommodate truck, car or other traffic.

Choice of flat plate or square box mounting options.

*The Bulwark RS Reader Stand is one of the most flexible card reader stands available.*

*Whether installing a reader stand on the curb or at road level the Bulwark RS Reader Stands provide the flexibility and convenience of being able to locate the stand to suit the requirements of the site.*

Both single and dual height Reader Posts are fully height adjustable on site.

The posts can be fitted with flat plate or square box mounting options.

For multiple unit options the stand can be fitted with a mounting box enclosure with removable front panel which will accommodate 2 or 3 units.

Easy to transport and install, these reader stands are constructed of Duragal RHS then zinc primed and powder coated using UV resistant powder.

Safety yellow is the standard colour but other colours are available.

### Reader Mounting Options:

**Flat Plate:** suitable for mounting 1 x intercom, or keypad or reader

**200mm Square Mounting Box:** suitable for mounting a combination of 2 x units (intercom and/or keypad and/or reader)

**300mm Square Mounting Box:** suitable for mounting all 3 units (intercom, keypad and reader).
